- Other: _____

30 TAC 290.46(q)(1) requires that your PWS make an adequate, good-faith effort to reach all consumers served by the system by appropriate methods (check all below that apply):

COMMUNITY WATER SYSTEM (perform one or more of the following):

- Furnish a copy of the Notice to radio and television stations serving the PWS service area
- Publish Notice in a local newspaper serving the PWS service area
- Direct delivery of Notice to customers
- Continuously post Notice in conspicuous places within affected PWS service area
- Electronic delivery or alert systems (e.g., reverse 911)

NONCOMMUNITY WATER SYSTEM (perform one or more of the following):

- Direct delivery of Notice to customers
- Continuously post Notice in conspicuous places within affected PWS service area
- Electronic delivery or alert systems (e.g., reverse 911)

In accordance with 30 TAC §290.122(g), all public water systems that are required to issue public notice to persons in accordance with 30 TAC §290.122, and that sell or otherwise provide drinking water to other public water systems (i.e., consecutive systems), shall provide public notice to the owner or operator of the consecutive systems.

This PWS provides water to consecutive systems and those systems have been provided public notice.

Notice to Consecutive Systems was delivered on: _____ (date)
by the following means: _____

Note: Please include a listing of consecutive systems notified in Comments or attach.

Comments: _____

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."

NOTE: 30 TAC 290.46(q)(6)(F) requires the PWS to provide documentation to the Executive Director within 10 days.

Date of Delivery to Customers: 09/06/2022 Phone: 940-849-4411

Boil Water Notice for Community Public Water Systems

< 09/06/2022 >

Due to **<Low Pressure >**, the Texas Commission on Environmental Quality has required the **< City of Throckmorton >** public water system to notify all customers to boil their water prior to consumption (e.g., washing hands/face, brushing teeth, drinking, etc). Children, seniors, and persons with weakened immune systems are particularly vulnerable to harmful bacteria, and all customers should follow these directions).

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be boiled and cooled prior to use for drinking water or human consumption purposes. The water should be brought to a vigorous rolling boil and then boiled for two minutes.

In lieu of boiling, individuals may purchase bottled water or obtain water from some other suitable source for drinking water or human consumption purposes.

When it is no longer necessary to boil the water, the public water system officials will notify customers that the water is safe for drinking water or human consumption purposes.

Once the boil water notice is no longer in effect, the public water system will issue a notice to customers that rescinds the boil water notice in a manner similar to this notice.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions concerning this matter, you may contact **< Jimmy Collins >** at **< 940-862-3109 >**. **<See Instruction 5> Instructions:** Delete instructions below on copy given to customers. This is the mandatory language for your "Boil Water Notice".

Instructions:

Please replace all of the above referenced **<See Instruction>** numbers with the information as follows:

<1> A description of the conditions that require a "Boil Water Notice" to be issued for the public water system that may include but are not limited to: reduced distribution system pressure, line break, low disinfection residuals, etc.

<2> Public Water System Name / Public Water System Identification Number

<3> Name of public water system official and any other primary contact names. **(Do not list TCEQ as the primary contact.)**

<4> Public water system official(s) phone number, business address, and any other useful contact numbers. Where appropriate, provide a telephone number or address where consumers may obtain a translated copy of the notice or assistance in the appropriate language.

<5> Public water systems may add optional language here concerning the actions they have taken to address the boil water notice situation. The public water system customers and the executive director shall be able to reach the public water system at one of the numbers listed in this notice. If a customer, individual, or employee wishes to contact the executive director, please call (512) 239-4691.
